SUBJECT No. 336.

Repairs to Hiduva tank.

Mr. Gundappa, Nagamangala Taluk.

Summary of discussion.—This is one of a big series of tanks. It will yield an annual revenue of over Rs. 5,000 when repaired and be a safeguard against famine. A contribution of Rs. 12 per acre will be paid by the ryots.

Reply of Government.—The project, which has been sanctioned as a famine work owing to its being otherwise unremunerative, will be called for and the matter further considered.

SUBJECT No. 337.

Repairs to the Veera Vaishnava anikat.

Mr. Timme Gowda, Nagamangala Taluk.

Summary of discussion.—The Veera Vaishnava anikat may be repaired early as it will benefit both the people and the Government.

Reply of Government.—Will be considered.

SUBJECT No. 338.

Extension of the Hemagiri and Mandagiri channels

Messrs. H. Krishna Sastri, Yalakki Gowda and Soma Setti, Krishnarajpete Taluk.

Summary of discussion.—The extension of the Hemagiri and Mandagiri channels will be beneficial both to the Government and to the people, as such an extension will enable the population of the villages, which will be submerged by the Kannambadi Reservoir, to stay near their former homes without having to go far in search of food.

Reply of Government.—Under consideration of Government.

SUBJECT No. 339.

Repairs to Chikka Yagati tank.

Messrs. Linganniah, Mandya Taluk, Gundappa, Timme Gowda and Chandrasekhariah, Nagamangala Taluk.

Summary of discussion.—The repairs to the Chikka Yagati tank was taken up as a relief work and some portion of it has been done. If it is completed early not only will Nagamangala be benefitted but wet cultivation will be possible even at Naragalu and Muddanghatta in Mandya Taluk.

Similar tanks may be repaired as early as possible.

Reply of Government.—Will be considered.

SUBJECT No. 340.

An anikat across the Lokapavani.

Mr. Parameswariah, Mandya Tk.

Summary of discussion.—An anikat may be constructed across the Lokapavani, near Gangavadi and the water diverted to the tanks of Gangavadi, Mudgere and Basaral, as thereby nearly 1,000 acres can be brought under wet cultivation.

Reply of Government.—The Chief Engineer's report is awaited.

SUBJECT No. 341.

Transferring the Public Works Department Sub-Division Office from Nagamangla to Krishnarajpete.

Messrs. H. Krishna Sastri, Yalakki Gowda and Soma Setti, Krishnarajpete Taluk.

Summary of discussion.—There are several anikats and channels drawn from the Cauvery and the Hemavati and 146 tanks in working order and many roads in the Krishnarajpete taluk. Therefore the Public Works Department Sub-Division Office may be transferred from Nagamangala to Krishnarajpete seeing that the latter is a more important place than the former.

Reply of Government.—The question of the re-distribution of the existing number of sub-divisions in the Mysore Division is engaging the attention of the Chief Engineer and the representation will be duly considered.
